SUBJECT: NASA Technology Briefing--Teleoperator Maneuvering  
System

1. NASA Headquarters and Marshall Space Flight Center will present an update briefing on a proposed satellite retrieval, repair, or reconnaissance capability utilizing a Teleoperator Maneuvering System. The TMS would egress from the shuttle for a distance of up to 1600 kilometers. A representative from Vought Corporation will be in attendance.

2. Bill Smith, the NASA coordinator, will provide the update briefing and limit the presentation to an hour or less. It will deal more with mission concepts and schedule as opposed to precise engineering detail.

3. The briefing will be presented on 29 April 1982 at 0930 hours in the DDS&T Conference Room (6E60 Headquarters). Please provide the name(s) of your attendee(s) to Kathleen [REDACTED] by 26 April. STAT
